

Ultrasound Workshop

13 March 2020

Venue: Royal College of Anaesthetists, London

Registration: £265 (Member/Fellow); £200 (RCoA registered anaesthetists in training)

Clinical Content Leads: Dr Atul Gaur and Dr Vipul Kaushik

With a focus on clinical scenarios, group discussion and hands-on skill practice, experienced facilitators will enable you to enhance your knowledge and competencies in ultrasound-guided regional anaesthesia at this one-day workshop.

After an introductory lecture, you will cover a variety of topics and spend 40 minutes at eight different practical stations including: upper limb above clavicle/infracavicular; axillary/pecc block/serratus; femoral/sub sartorial/fascia iliaca/obturator; sciatic/popliteal; needling and probing – forearm; epidural; abdominal – rectus/TAP/QL; lumbar plexus/paravertebral.

This course is suitable for all levels of experience.
