

**Monday 23 March  
2020**

**Venue:** Royal College of  
Anaesthetists, London

**Clinical Content Lead:**  
Dr Rachel Freedman

 **#RCoACPD**

 **5 CPD credits anticipated**

**CPD codes: 1A02, 1A03, 1H02, 2A02**

The overall aim of the course is to provide a practical introduction to the practice of anaesthesia in the developing world and austere environments. The course is suitable for anyone planning, or even just thinking about going to work in the developing world, from junior trainees through to senior consultants. The course will be made up of a mixture of lectures, small group sessions and hands on sessions.

The course is taught by an experienced faculty of consultants and senior trainees, who between them have extensive experience of working in the developing world. Specialised equipment is provided by Diamedica UK.

The course has been running since 2011 in Bristol and has now moved to run twice yearly at the Royal College of Anaesthetists. More details at [www.dwacourse.co.uk](http://www.dwacourse.co.uk)

***“Meeting people who have done it and hearing first hand accounts, with good tips and practical approach – all very helpful and motivating”***
