

Webinar: RAA Meeting

16 July 2020

In the absence of the annual June College Tutors meeting, we are holding a virtual meeting focussed on training related matters.

The meeting will provide the opportunity to discuss the changes to examinations, recent and future anaesthetic recruitment rounds, an update on plans for implementation of the new 2021 anaesthetics curriculum, as well as an update from colleagues from the FICM and FPM.

Invites will be sent to all Regional Advisers Anaesthesia, Deputy Regional Advisers, Training Programme Directors, Bernard Johnson Advisers and Lead College Tutors.
