

Anaesthesia Research 2021

10–11 November 2021

Venue: Online

Registration: £60 for both days (discounted rates available)

Clinical Content Lead: Professor Mike Grocott, Southampton

Join us online in November, as we bring together the following groups to highlight anaesthetic research from the past year:

- National Institute for Academic Anaesthesia (NIAA)
- Anaesthetic Research Society (ARS)
- Health Services Research Centre (HSRC)
- UK Perioperative Medicine Clinical Network Trials (POMCTN)
- Association of Anaesthetists

On the event day, log in from the comfort of your own home, your office, or any where that is convenient, to watch research presentations and put your questions to the speakers in a live interactive webinar. All you need is an internet connection and a quiet room.

We have included local sessions to allow time for delegates to organise local meetings with colleagues either virtually or in-person, between the scheduled sessions on the programme.

Anaesthesia Research 2021

Wednesday 10 November 2021

09:45–09:55	Grab a coffee and join us for the event start	
09:55–10:00	Welcome and introduction	TBC
Association of Anaesthetists and Anaesthesia session: Accept, revise or reject – maximizing your chances of publication		
10:00–10:10	Introduction	Dr Kariem El-Boghdadly
10:10–10:15	Accept: The perfect article	Dr Helen Laycock
10:15–10:20	Revise: Improving the presentation of your research	Dr Ben Morton
10:20–10:25	Reject: The most common reasons for rejection	Dr Louise Savic
10:25–11:00	Q&A session	
11:00–11:15	Take a short break	
11:15–13:00	Local session	
13:00–13:30	Break for lunch	
POMCTN session:		
13:30–13:45	UK Critical Care Research: Where are we now?	Dr Ben Creagh-Brown
13:45–14:00	Equipoise: The driver and barrier to research	Dr Mandeep Phull
14:00–14:15	CAMELOT: Continuous rectus sheath Analgesia in eMERgency LapaOTomy	Dr Ronelle Mouton
14:15–14:30	SINFONIA: Sugammadex for preventioN oF pOst-operative pulmoNary complicaTions	Dr Jon Silversides
14:30–14:45	VITAL: Volatile vs Total intravenous Anaesthesia for major non-cardiac surgery – a randomised controlled trial	Dr Joyce Yeung / Dr Shaman Jhanji
14:45–15:00	Take a short break	
15:00–16:00	Local session	
16:00	End of day 1	

Programme subject to change.

Anaesthesia Research 2021

Thursday 11 November 2021

08:45–09:15	Replay of the pre-course video presentations	
09:15–09:20	Opening remarks	TBC
09:20–09:50	Live Q&A session with the NIAA Research Award finalists	
09:50–10:00	Short break	
Anaesthetic Research Society session:		
10:00–10:15	A quantitative evaluation of aerosol generation during oropharyngeal suction	Dr Andy Shrimpton
10:15–10:30	Brainwave viscosity in propofol anaesthesia	Dr Marco Fabus
10:30–10:45	Contemporary use of antimicrobial prophylaxis for surgical patients: An observational cohort study	Dr Priyanthi Dias
10:45–11:00	Recalibration of APACHE II for mortality prediction in an adult intensive care population to include novel covid pneumonia diagnostic category	Dr Ruairaidh Campbell
11:00–11:01	1-minute silence for Remembrance Day	
11:01–11:15	Continuous vital signs monitors: A replacement for traditional vital signs?	Dr Andrew Dalton/ Dr Gareth Kitchen
11:15–11:30	The Cav1.1 p.T1009k variant is a novel pathogenic variant for malignant hyperthermia	Dr Vikas Kaura
11:30–11:45	Take a short break	
11:45–13:00	Local session	
13:00–13:30	Break for lunch	
HSRC sponsored session:		
13:30–13:50	SNAP-3: Frailty and delirium	Dr Claire Swarbrick
13:50–14:10	Qualitative insights from PQIP	Dr Georgina Singleton
14:10–14:30	Core outcomes for clinical trials in perioperative and anaesthesia care (COMPAC)	Dr Oliver Boney
14:30–14:45	Take a short break	
14:45–15:45	Local session	
15:45–16:00	Take a short break	
16:00–16:15	Awards and closing remarks	
16:15	End of day 2	

Programme subject to change.
