Clinical Content Leads: Dr Susie Baker, Dr Yogita Chikermane and Dr Nirmala Soundararajan

Join us online this autumn at our two-day Anaesthetic Updates event.

Stay ahead of the curve on new ideas in anaesthesia, critical care and pain management. Discover new developments on the horizon from today's expert specialists and learn how best to combat the central issues you will face in your anaesthetic practice.

Topics to be covered include:

- Advances in endovascular repair of abdominal aortic aneurysms
- Avoiding undetected oesophageal intubation and the importance of 'no trace: wrong place'
- What's new in obstetrics

Where permitted, talks will be recorded and made available to delegates post event. Once registered you will have access to the recorded material for up to six months after the live event. Viewing of the recording will carry the same number of CPD points.
