

Wednesday 9 – Friday 11 February 2022

Venue: Online, Zoom

Clinical Content Leads: Prof Pierre Foex and Dr Vassilis Athanassoglou

Stay ahead of the curve on new ideas in anaesthesia, critical care and pain management. Discover new developments on the horizon from today's expert specialists and learn how to best combat the central issues you will face in your anaesthetic practice.

Topics will include:

- Pain relief for 2022
- Ventillation
- Pregnancy
- The brain and lungs
- Cardiac patients
- Regional anaesthesia
- Safety of practice

Where permitted, talks will be recorded and made available to delegates post event. Once registered you will have access to the recorded material for up to six months after the live event. Viewing of the recording will carry the same number of CPD points.
