

Anaesthetic Updates

Wednesday 19 – Thursday 20 October 2022

Venue: RCoA, London

Clinical Content Leads: Dr Simon Mercer and Dr Peter Groom

Stay ahead of the curve on new ideas in anaesthesia, critical care and pain management. Discover new developments on the horizon from today's expert specialists and learn how to best combat the central issues you will face in your anaesthetic practice.

Topics will include:

- Laryngeal complications after tracheal intubation and tracheostomy
- Anaesthesia for airway stenting
- Shared decision making for high-risk surgery
- Perioperative care of elective adult surgical patients with a learning disability
- Anaesthesia and the global climate emergency
- Trauma and pre-hospital care
- Cardiac anaesthesia
- Managing anaesthetic anxiety in children
