

Patient Safety in Perioperative Practice

Wednesday 8 March 2023

Venue: RCoA, London

Clinical Content Leads: Dr Haresh Mulchandani, Dr David Selwyn, Dr Annie Hunningher, Dr Leopold Salm & Dr Greg Warren

A joint event with the Centre for Perioperative Care (CPOC), this one-day meeting will discuss patient safety, including the barriers to delivering safe perioperative care and strategies on how to overcome them.

Our aims are to build upon knowledge and practice to make systems, processes and organisations safer. Through an understanding of the science of patient safety, different perspectives and approaches, coupled with collaboration, education & quality improvement programmes we hope to inspire delegates to make safety the golden thread of patient care.

CPOC is a partnership between:

RCoA
Royal College of Anaesthetists

 **Royal College
of Surgeons**
ADVANCING SURGICAL CARE

 **Royal College
of Physicians**

 **Royal College
of Nursing**
