

Diary of Events accredited for CPD by the Royal College of Anaesthetists

This Diary details events which have been accredited for CPD by the College. The Diary is updated on a weekly basis and includes a direct link for further information where this has been supplied by the event provider, although the College is not responsible for the content of any other websites linked to from this Diary. For reference, all events which have been accredited in the past seven days or have had their date changed will be highlighted.

The College welcomes applications for CPD accreditation of events and there is no charge for NHS Trusts and hospital boards, registered charities, specialist societies and associations. The event information is reviewed by an experienced clinician CPD Assessor and all accredited events appear here and in the [Lifelong Learning Platform](#). The RCoA's revalidation logo can also be used in the promotional material and on the participant attendance certificates for accredited events.

CPD accreditation is available for both face-to-face and 'virtual' events, the latter requiring there to be some form of interactive learning – e.g. the opportunity for participants to be able to directly ask questions of the faculty either at the end of each of their sessions and/or in a scheduled round-up session or panel discussion at the end. Full information on how to make an application is available [here](#).
