

Diary of Courses and Events accredited for CPD

This Diary details events which have been accredited for CPD by the College. The Diary is updated on a weekly basis and includes a direct link for further information where this has been supplied by the event provider, although the College is not responsible for the content of any other websites linked to from this Diary. For reference, all events which have been accredited in the past seven days or have had their date changed will be highlighted.

Due to COVID-19 some events may be subject to short-notice cancellation – please check with the providers.

The College welcomes applications for CPD accreditation of courses and events and there is no charge for NHS Trusts and hospital boards, registered charities, specialist societies and associations. The event information is reviewed by an experienced CPD Assessor and all accredited events appear here and in the [Lifelong Learning Platform](#). Accredited events are eligible to use the Revalidation logo, which is a registered UK trademark, in their supporting promotional material and on their delegate attendance certificates.

The impact of COVID-19 has seen an increase in virtual rather than face-to-face CPD events being delivered. In response, the College has extended the formal CPD accreditation scheme to include recognition of such events and full information is available [here](#).

For further information about CPD accreditation, please contact cpd@rcoa.ac.uk.
